Nature's
Eternal Art

A Source Of Inspiration

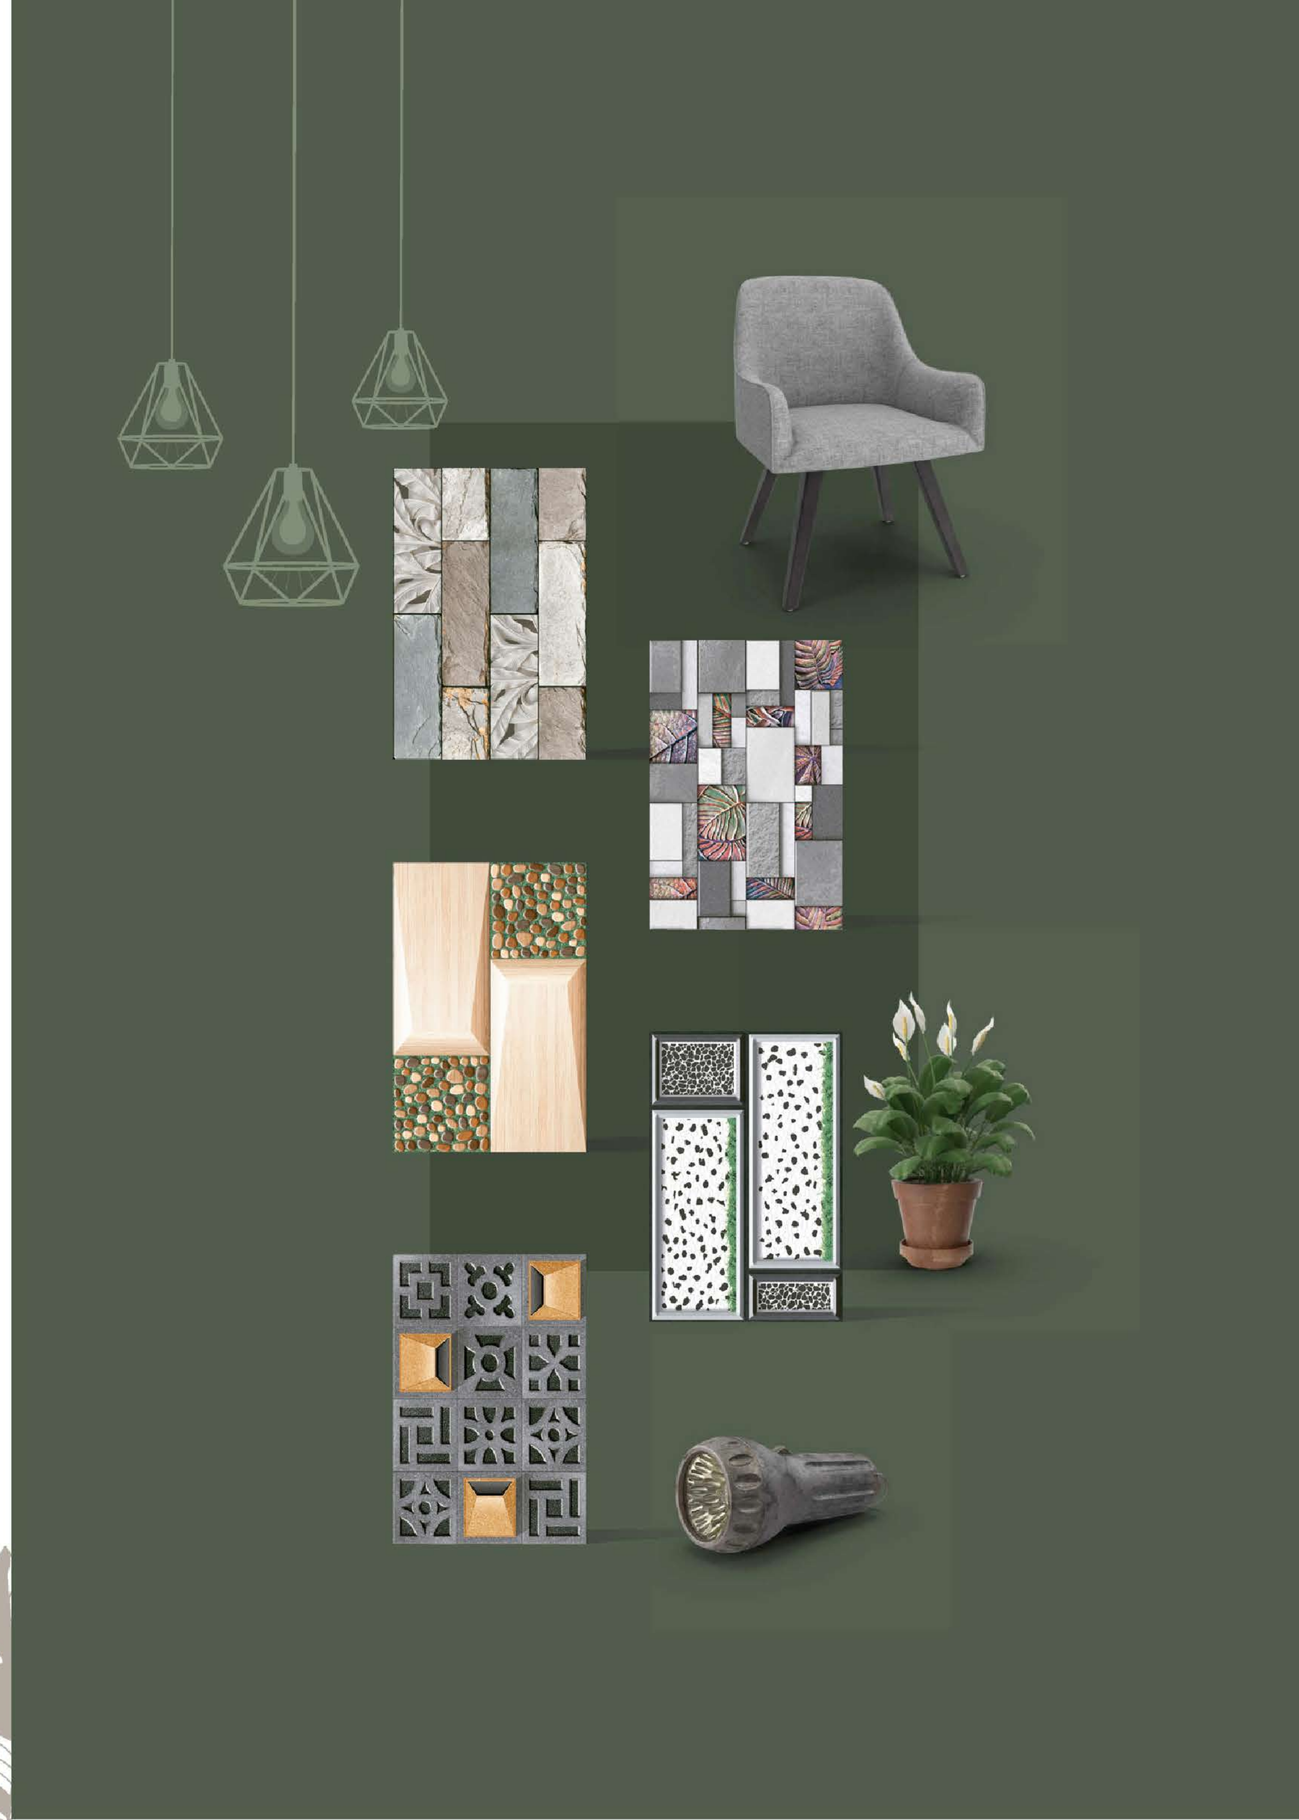

Walls become a canvas prepared to be decorated, where the only limit is our imagination.
A new concept of wall tile presented in a small format where the combination of colours and the use of different volumes and effects are the main theme. Mixing, combining styles, boosting the creativity in every space. Offering an endlessly number of possibilities in shapes, motives, designs and effects, with relief and volumes, capable of attracting everyone's attention.

STYLE OF FABULOUS FINESSE

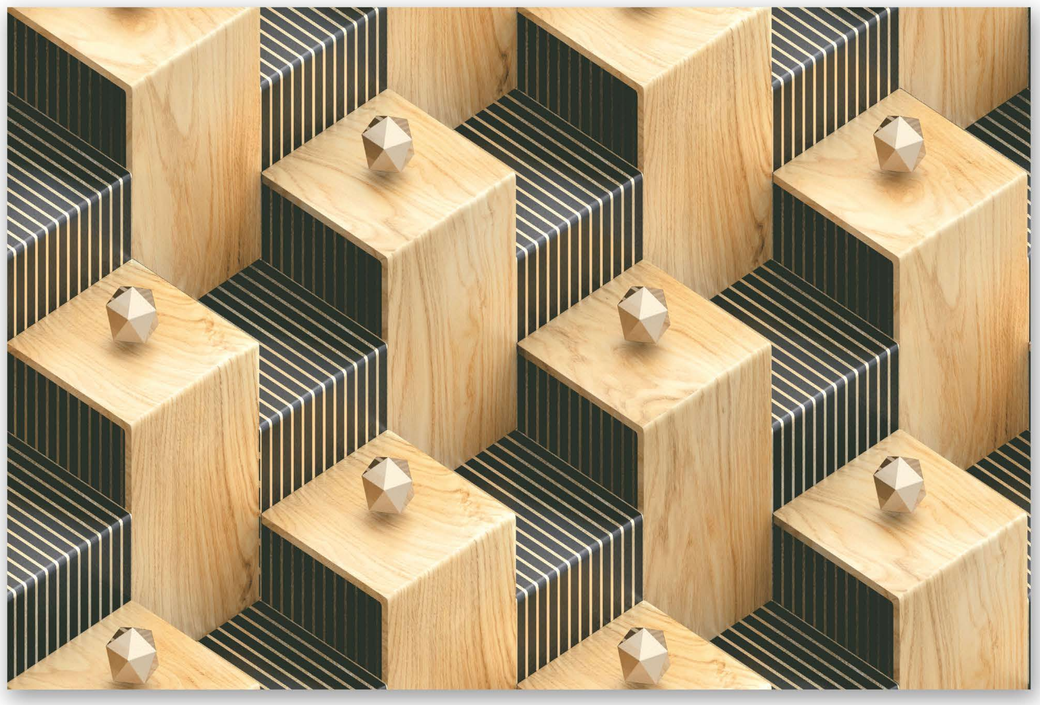

The shades that comprise the Elevation series, thanks to their sobriety and naturalness, perfectly integrate with the contemporary style of home furnishing. The minute details that characterized the Elevation collection are seen best in the three dimensional structures decor; in the Wall 3D, for example, built from small bush-hammered, honed and sand-blasted pieces, or in the Rub decor, which with its worked surface, tells the story of the material quality of sedimentary stone. The Wall Caddle interprets an assemblage of tradition, which combines perfectly with the rest of the collection.
