DESIRE TO ESCAPE WITH A FRESHNESS MULTICOLORED

A desire for strong and pure emotions, in contact with natural materials that accompany the wish to escape to uncontaminated worlds, where nature is the protagonist. Wall Icons fulfill this desire with wall tiles that create comfortable spaces where time slows down, in harmony with our emotions. Four warm and cold natural shades with a natural finish are available in the formats 300x450mm.

The Wall Tiles collection offers a selection of nature's rarest stones. Hard-wearing, with a strong character featuring bold tonal contrasts and delicate - yet sometimes dramatic - veining, each line has its own personal character... like a work of art created by nature. The natural and bush-hammered finishes allow endlessly applications for seamless designs that extend outwards, in search of greater contact with nature.

Mixing together textures and colors from different sources. As part of this trend, we have designed spaces that combining ceramic wall tiles with other materials to demonstrate how they easily coexist with finishes and colors.
