When it comes to wall tiles, they turn into the key element in decorating the living space, giving the wall tile the focus of attention indoors.

The main theme of our decorative tile is, without a doubt, the hydraulic wall tile. The antique style is fashionable again.

The Constant search of being singular encourages the interest in the past. Nowadays people are seduced by worn out shapes and vivid colours like the ones we can find in the clay.

A contemporary vision of an antique style.
