## LET THE DISTINCTIVE PATTERNS BRINGS WARMTH AND COZINESS IN YOUR SPACE

Bold and bright, Tuscania's decor features a blend of ornate patterns, vibrant colors, and glossy accents for a worldly vibes. Elaborately carved punches and depth sets the backdrop for vivid reds, oranges, blues, and greens. Pouf ottomans with intricate stitching lend a relaxed-but-chic feel to any room. This collection selects the most precious pattern, structuring a range inspired by the abundance of the quarry materials. The antiqued surfaces cross the entire color range: the classic patterns and the delicate colors, the harmonious shapes and the chromatic variability of the tiles, up to the decisive contrast on the the surface.

we have collected the most relevant in modern design from maximalism with a riot of tropical colors to the suprematist SUPREME motifs, modernist panels. We were inspired by everything that has become the pinnacle of interior fashion the rethinking of traditional ornaments and shapes, pronounced textures, pure colors and delicate shades in harmonious and contrasting combinations, unusual patterns and graphics.

Fresh, crisp, eye-catching. Italian Dream is the collection that pays tribute to modern design, blending the tile in solid colors - characterized by a dotted surfac with enamel effect - different patterns: from those that reproduce flowers to those who pay homage to the leaves, ending with the patchwork versions with lines and prints or pictures stolen from the floral world.

## LET YOUR SURFACE EXUDE THE ESSENCE OF NATURALNESS

A thoughtful selection of elements will help to create a bright and characteristic interior, which is exactly what will appeal to fans of design experiments. And if you want more peace mood, you can choose a monochrome version with several accent inserts. This collection has become the quintessence of rigor and sophisticated style. Such a refined interior will remain relevant for many years. The combination of different reliefs of the same texture provides amazing decorative effects.

A magic that allows time to be lived and enjoyed in both directions. Objects and concepts that trace a bygone era yet have the energy to bound back into the present. A beauty that manages to bypass the limits of time itself. The real definition of beauty, a material which reclaims the hand-chipped authenticity of yore, of the fundamental architecture that gave life and character to many a medieval square.

The natural finish captures the original essence of the material and underlines its aesthetic qualities such as colouring, veins and textures. Resistant and versatile, the natural surface finish is recommended for use on walls in residential, commercial and public areas. This collection interprets a sophisticated, decidedly elegant contemporary style. This is one of the most comprehensive, rich and versatile offers to be presented by Oasis in the last few years. A wide variety of solutions, articles, colours and formats.
